

FIG.1

2/10

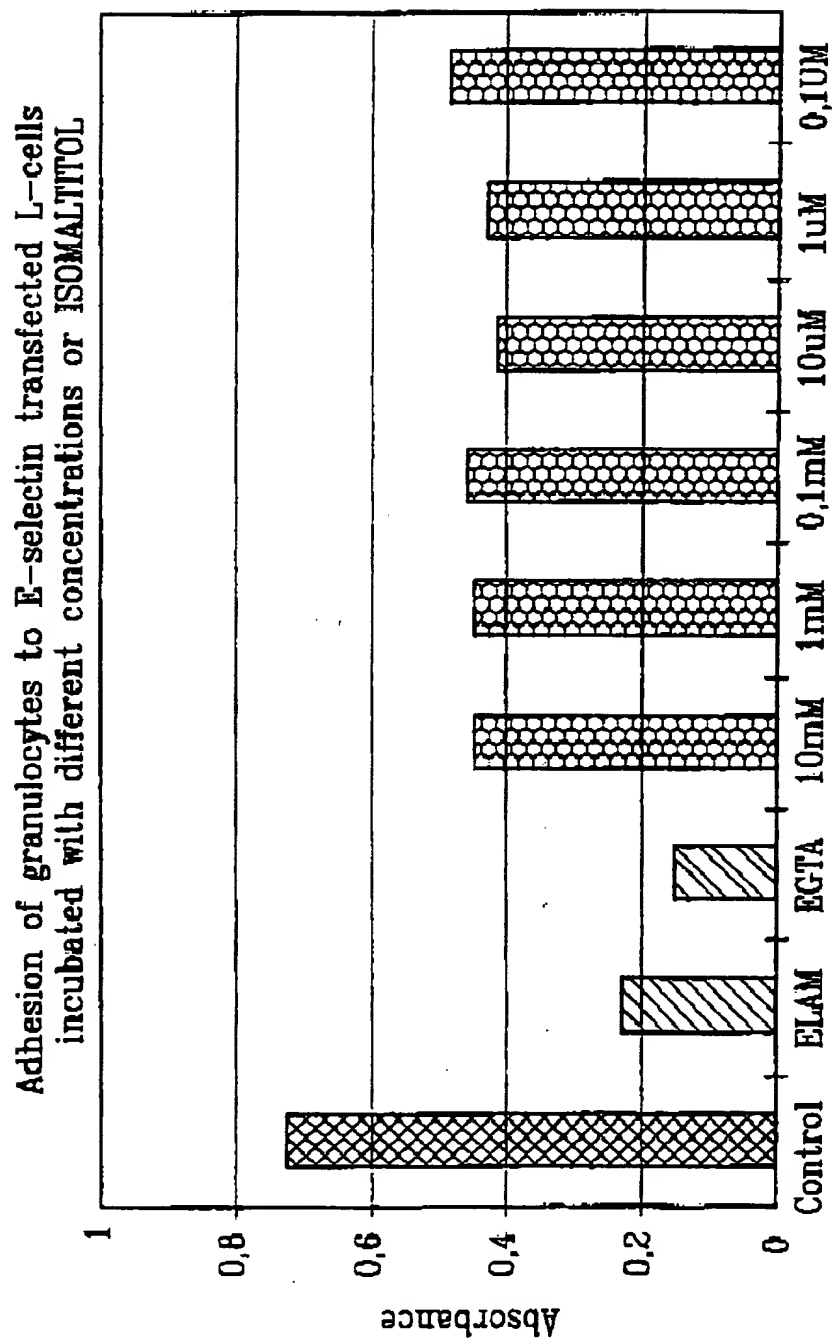

FIG.2

3/10

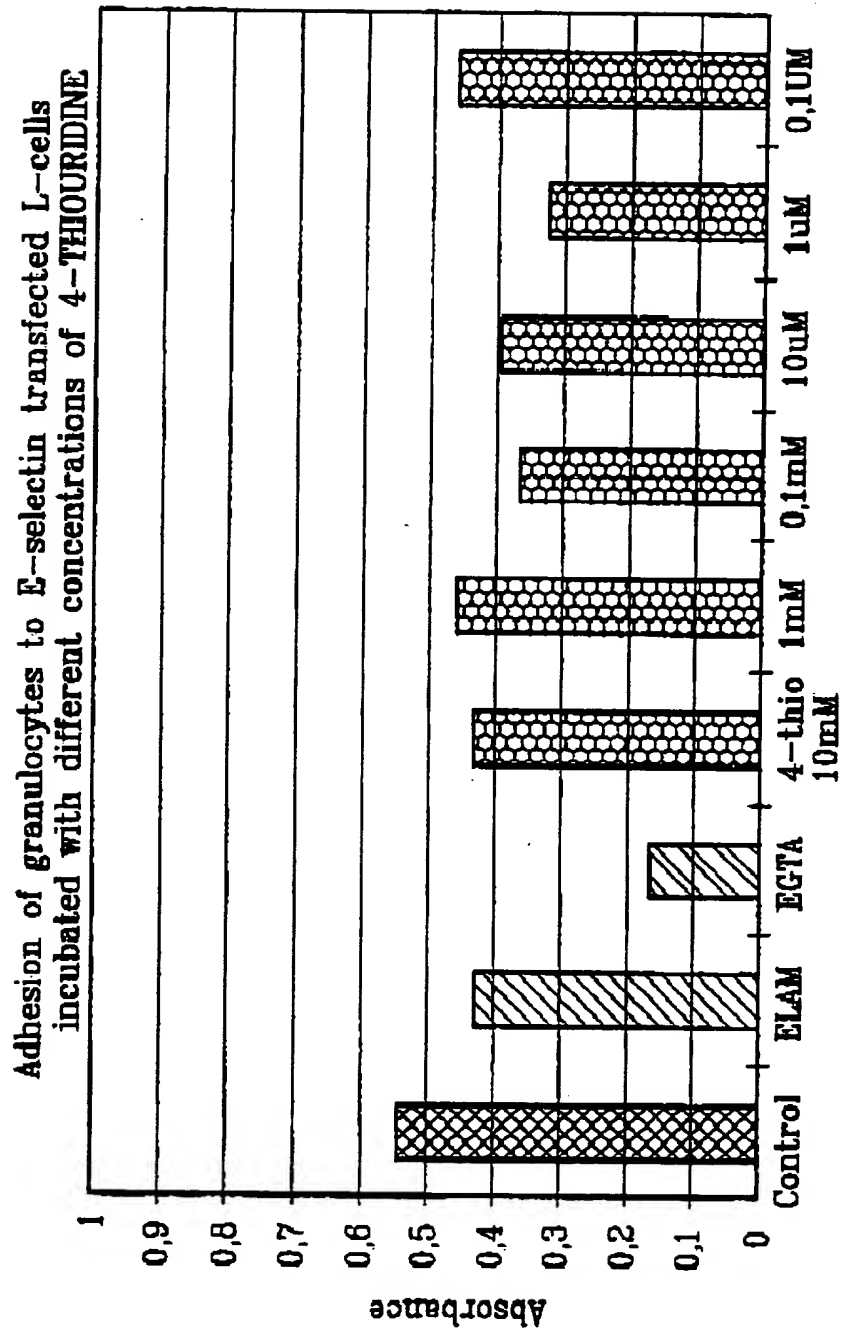

FIG.3

4/10

Adhesion of colo 201 to E-transfected L-cells
incubated with different concentrations of URDINE

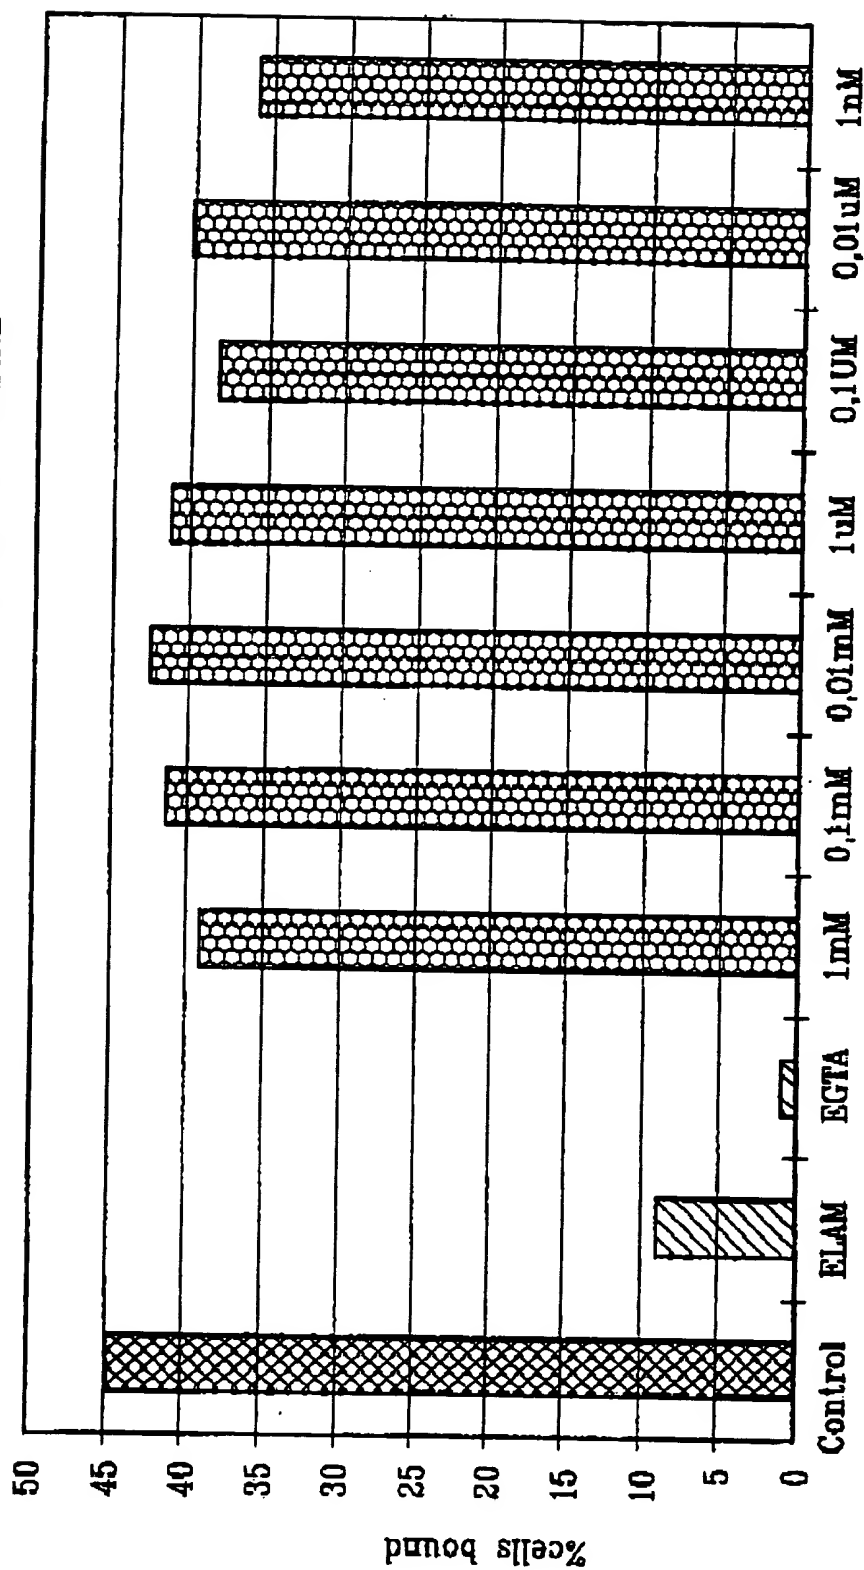

FIG.4

5/10

FIG. 5

Adhesion of Colo 201 to E-selectin transfected L-cells
incubated with different concentrations of ISOMALTITOL

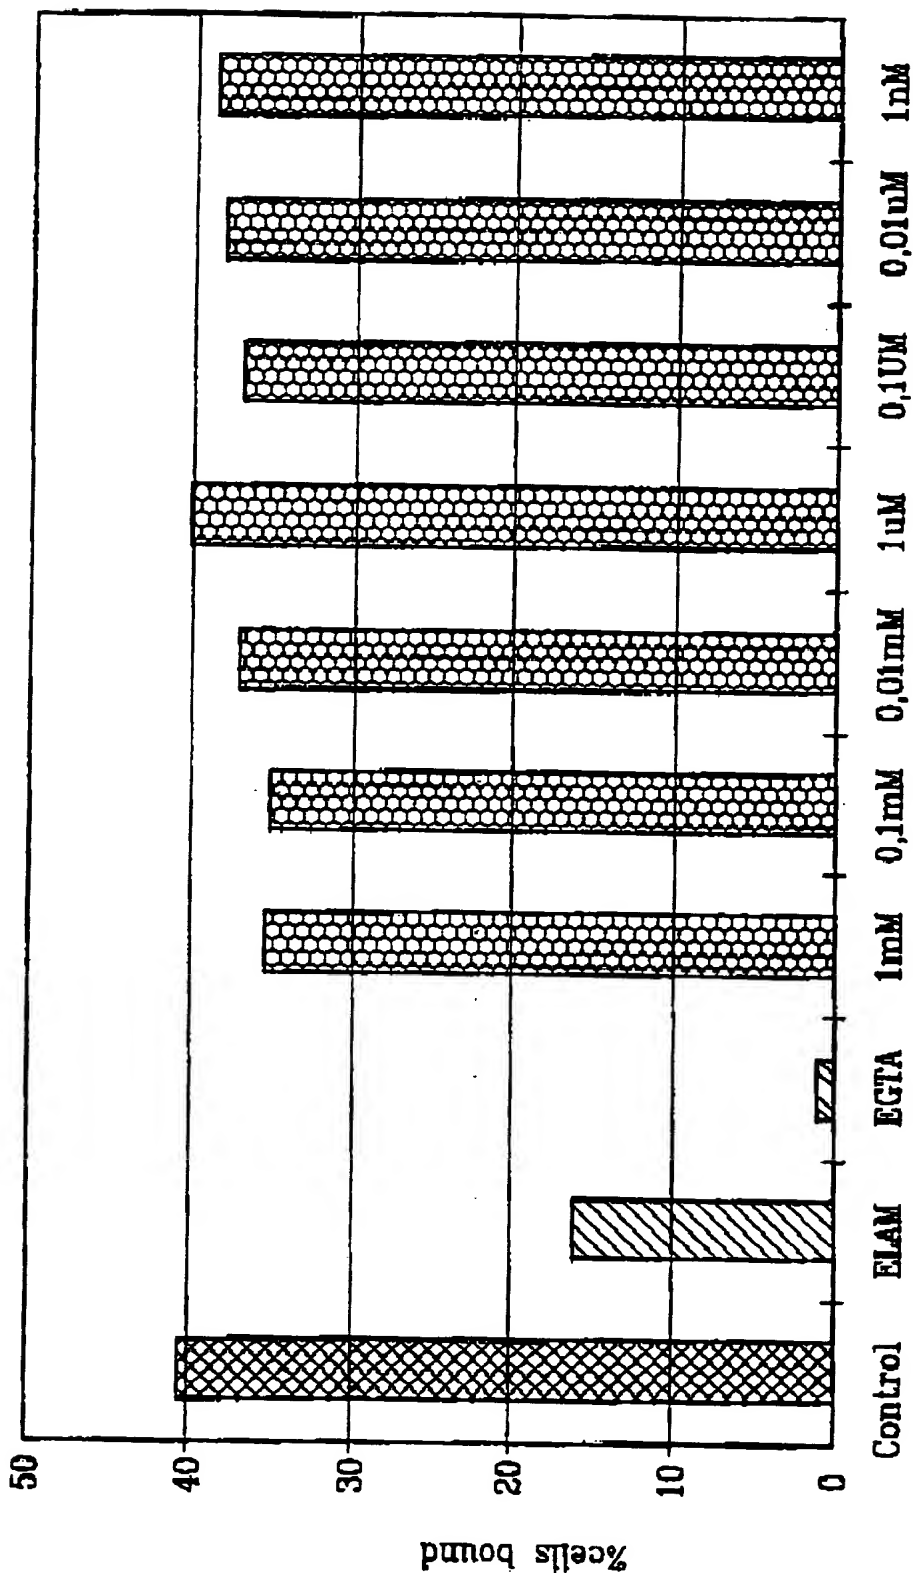

FIG.5

6/10

Adhesion of Colo 201 to E-selectin transfected L-cells
incubated with different concentrations of 4-THIOURDINE

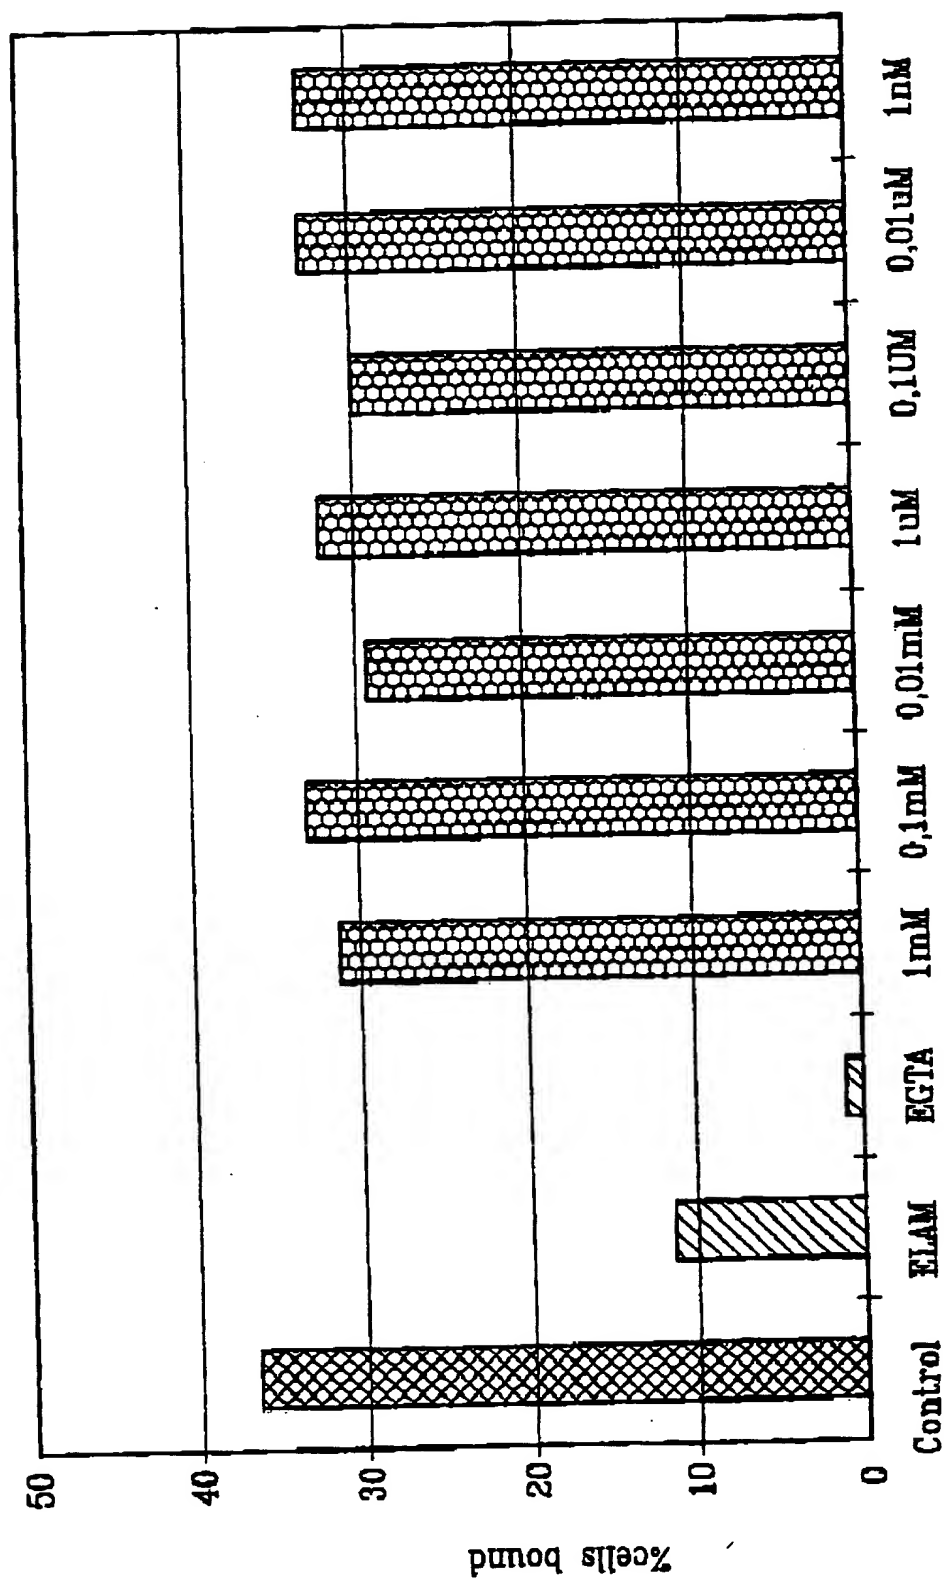

FIG. 6

7/10

Adhesion of granulocytes to TNF stimulated HUVEC co-incubated
with different concentrations of ISOMALTITOL

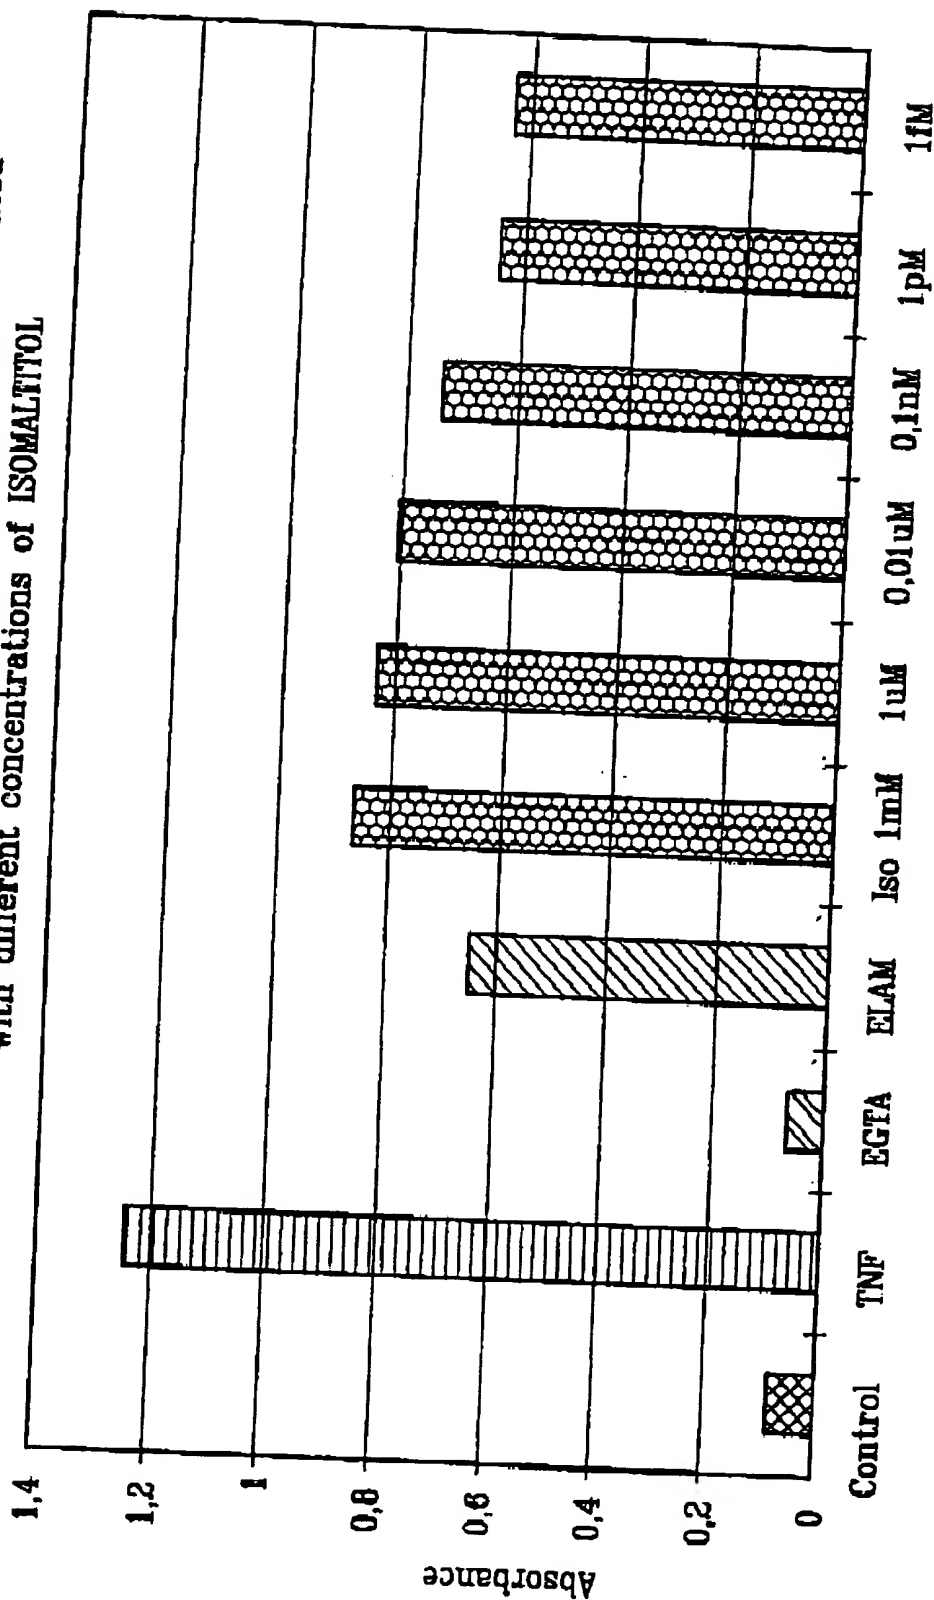

FIG.7

8/10

Adhesion of granulocytes to TNF stimulated HUVEC co-incubated with 4-Thiouridine

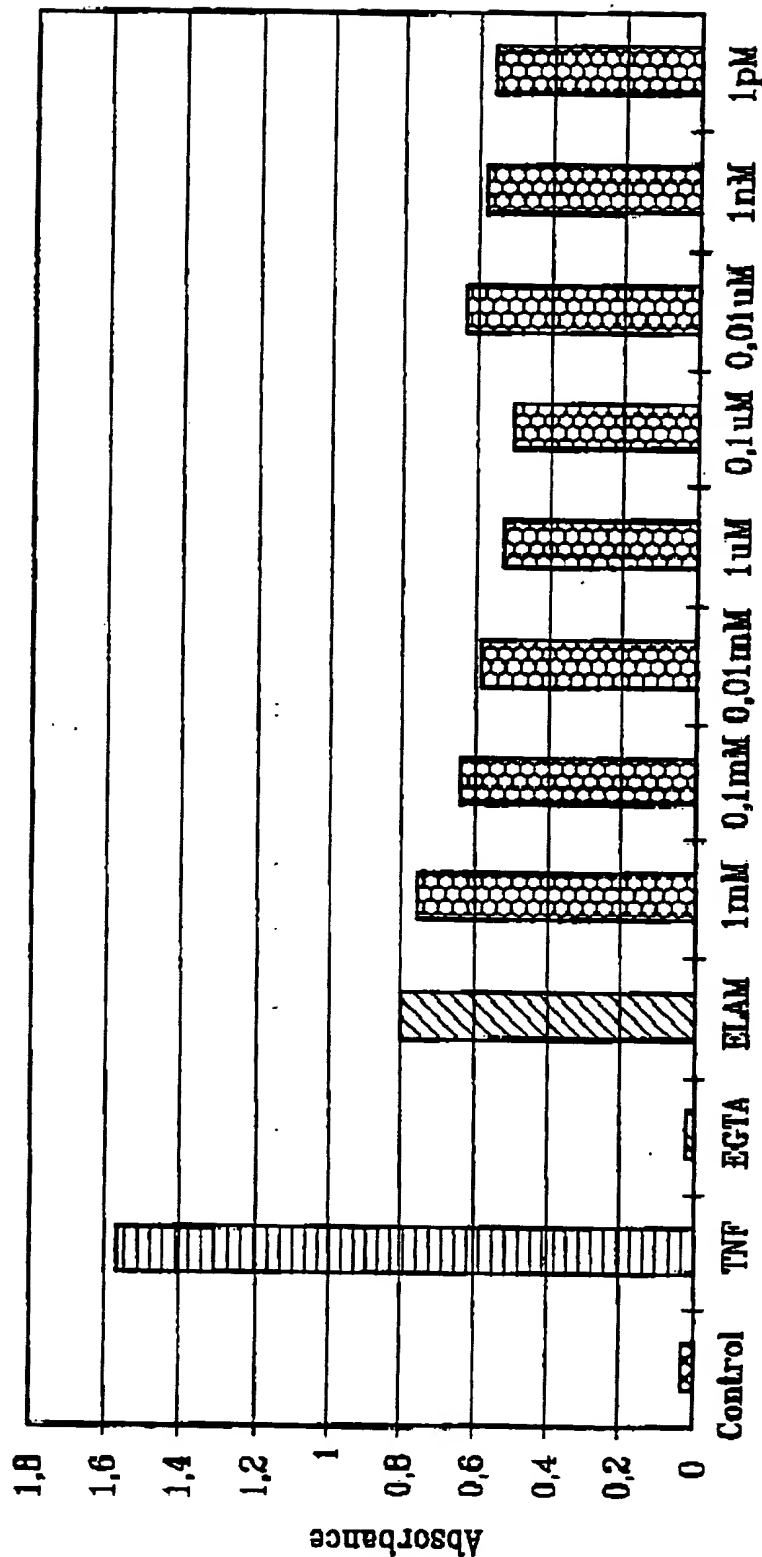

FIG.8

9/10

Adhesion of granulocytes to TNF stimulated HUVEC co-incubated with 4-Thiouridine

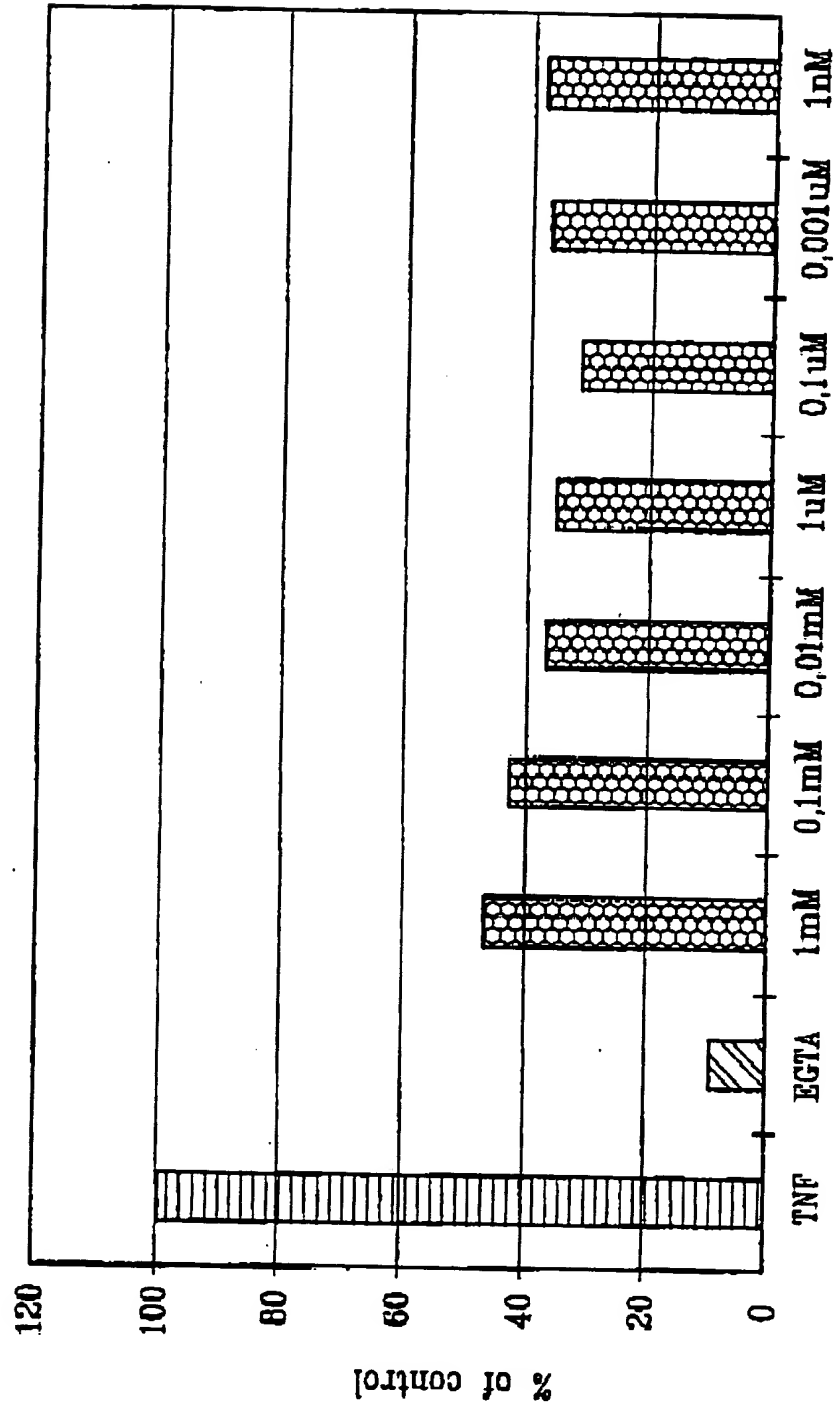

FIG.9

10/10

Expression of E-selectin on stimulated HUVEC co-incubated
with different concentration of 4-Thiouridine

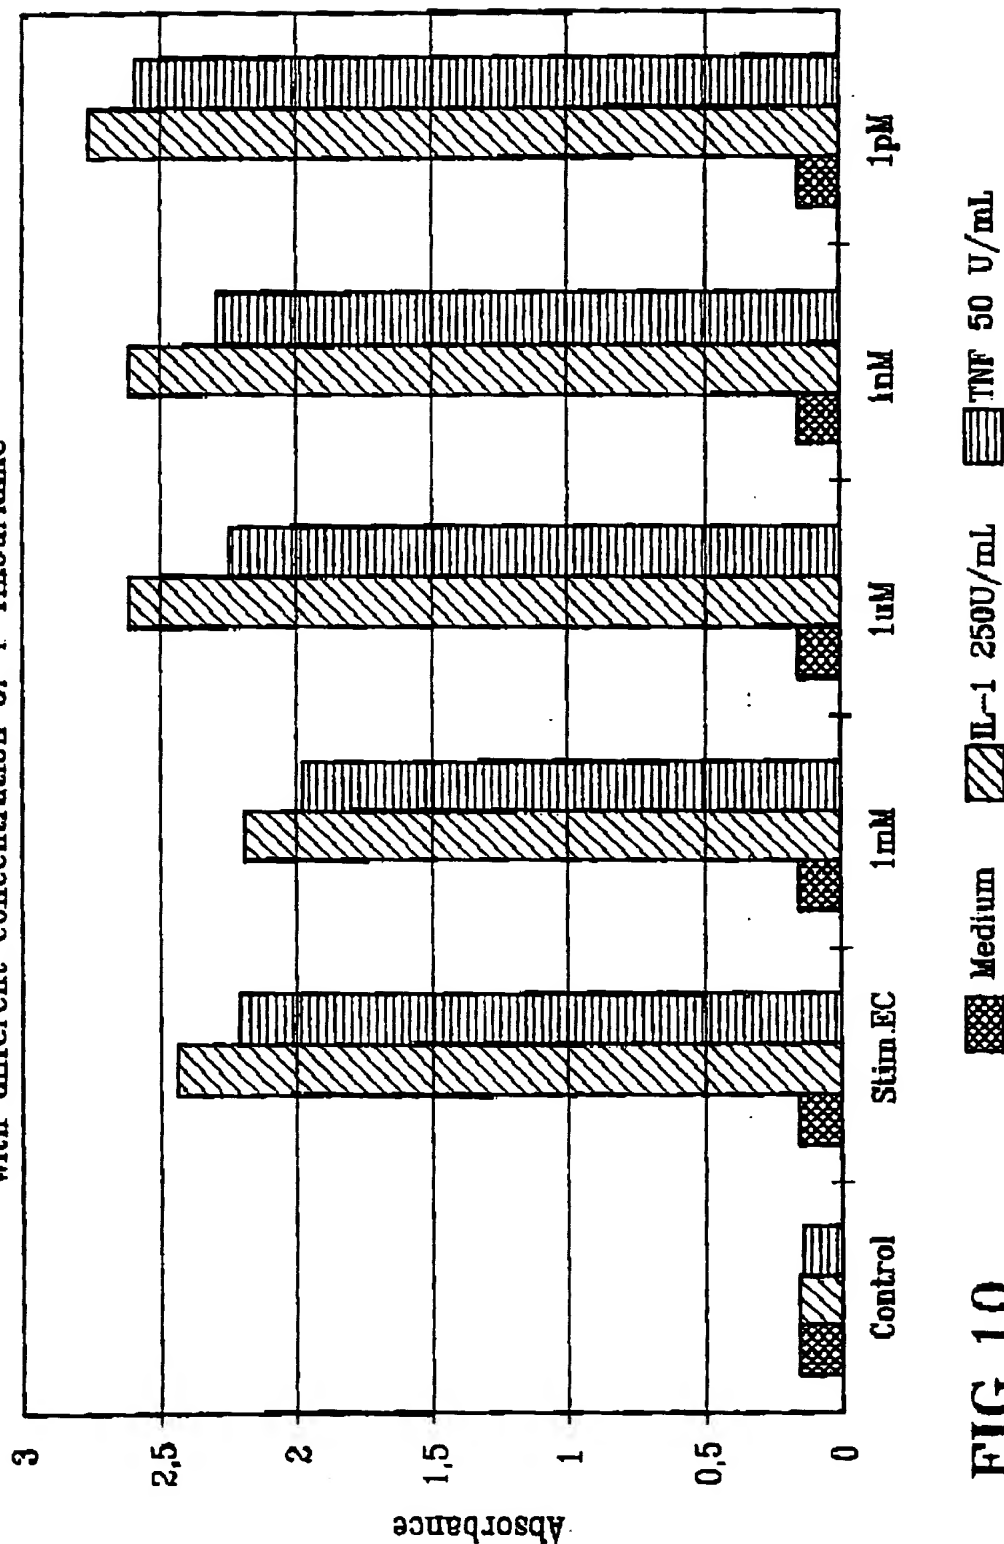

FIG.10
